**Mersey Primary Academy – Parent Survey (Nov 2015)**

Dear Parents and Carers,

Above is the table of results from our recent survey.

We are keen to improve further but need your help!

As the survey is anonymous and we have had no incidences of bullying this year, it is difficult to deal with the responses to number 8. If as a parent or carer you have any concerns in this area please make an appointment to see Mrs Milne or Mrs Overfield.

Our second area for improvement is homework. In order to understand fully the issues surrounding this, we have devised a homework specific survey. We hope the results of this will help us to tailor homework tasks more successfully.

Many thanks for your continued support

Mrs Jacqui Overfield  
Head of Academy

\*Percentages based on 88 responses. Not all questions were answered in each survey.  
Percentages have been rounded so may not add to 100.  
Percentages in brackets are from the Summer 2015 survey of 107 responses.

# Mersey Primary Academy: Homework questionnaire for parents

Having carried out the survey on parents evening; we would like to explore any issues around homework. Completing this questionnaire and adding any comments will help us to solve these issues.

About your child:

Boy  Girl

Y1  Y2  Y3  Y4  Y5  Y6

The government believes that homework helps your child to:

- learn how to organise and manage his/her time
- take more responsibility for his/her own learning
- practise and build on what has been learned at school
- learn and work independently in the future
- develop confidence to deal with frustrations, overcome difficulties and solve problems

Government guidelines suggest that a reasonable amount of time spent on homework would be between 15-30 minutes.

1. As a general rule each day                      this amount      less than this      more than this
