Objectives of Primary School Sports Funding

Our key objective in using the Sports Funding Grant is to ensure all pupils have access to quality first learning and sporting opportunities.

In addition to this we have identified some key principles (outlined below) which we believe will maximise the impact of our sports funding spending.

Key Principles

Building Belief

We will provide a culture where:

- Staff believe in ALL children
- There are “no excuses” made for underperformance
- Staff adopt a “solution-focused” approach to overcoming barriers

Identification of Pupils

We will ensure that:

- ALL children benefit from the funding
- Children’s individual needs are considered carefully so that we provide support for those children who could be doing “even better if.....”

Improving Day to Day Teaching

We will strive to ensure that **all** children across the school receive good teaching, with increasing percentages of outstanding teaching achieved by using leaders to:

- Set high expectations
- Address any within-school variance
- Share good practice within the school and draw on external expertise

Provide high quality CPD

Summary of PSSG Spending

The academy employed a specialist P.E. teacher to increase the level of good and better P.E. teaching and learning: the staff member delivers sessions to pupils along with the continuous professional development of other staff.

Other Supporting Evidence of Impact

Children had the opportunity to perform in 3 pre match dance performance for the Rugby League World Cup at MS3 Craven Park Stadium and the Kingston Communications Stadium.

Implications for PSSG in 2014/15

The academy will continue to allocate extra staff hours to deliver its P.E. programme, with a focus on developing the academy participation in inter and intra competition.
